CITY.

OFFICIAL PAPER.

All wool cassimeres for children's wear, from 75c to \$1.25 per yard at A. Loeb's, the one price clothier.

REMOVAL.—Baleh, Frantz & Co. have removed their office to the old C. R. I. & P. passenger depot. 27d

The Weather.—To-day.
The following shows the temperature at THE ARGUS OFFICE today, as indicated by thermometer:
7 a. m. 70° above zero, 10 a. m. 72° above zero, 1 p. m. 74° above zero, 4 p. m. 76° above zero, 7 p. m. 78° above zero, 10 p. m. 76° above zero, 11 p. m. 74° above zero.

Suits made to order in the latest style at A. Loeb's, the one price clothier.

CONVENIENCE, COMFORT AND PLEASURE.—It is claimed by the managers that such a combined effect will be secured by visiting the Paris Pavilion Circus, Saturday afternoon and night, corner Buffalo and Illinois streets.

THE ARGUS states that the new books just added to the public library are "very quick, cheaply bound and will soon go to ruin." Perhaps the best way to any one who feels efficient interest in the subject to satisfy his mind on this point, is to go to the library and examine the books for himself.—Union.

White duck and linen suits for men at A. Loeb's, the one price clothier.

A FREE PICTURE EXHIBITION.—Twenty-five hundred square feet of beautifully colored pictures of animal life and scenic scenes and olympian pastimes gladiatorial and heroic acts of which the managers claim, portray what will be represented in the ring by Dan Rice's Great Paris Pavilion Circus, Saturday, July 26, corner Illinois and Buffalo streets.

The managers of the circus which will exhibit in this city on Saturday, July 26, claim that it is no mountain, but a plain, gotten up to deceive, but the old organization, started by the original and only Dan Rice, that it advertises only what it really exhibits; has no routine of gaudy and theatricals to replenish a depleted treasury; bears a reputation of evitable excellence; and that the press unanimously speak in terms of praise of the Paris Pavilion.

The Mayor of Rock Island, the richest resident of that city, is accused of refusing to pay his taxes. He owes the school fund over \$800.—Chicago Journal.

Such paragraphs afford a good deal of amusement here, the only truth in them being that the Mayor of Rock Island is a wealthy man. Any person with brains above a natural born idiot would know that taxes can be collected from "the richest resident of Rock Island," if they are legal taxes, and if they are not legal taxes any man is justified in neglecting their payment.

Neat and stylish spring clothing, hats, caps, and gents' furnishings goods at Jonas Bear's. 57d

ALCOHOL AND WHISKY.—The undersigned has just received, at his place in the First Ward, a fresh supply of choice Philadelphia Cream and Stock Ale, and the best Kentucky Whisky, which he will sell in any quantity to suit the public by the gallon or otherwise. Families supplied as desired, and at reasonable rates. 27d

REPUBLICAN DEMAGOGUES.—Just now the wire-pullers about our court house are busy fixing up a Republican court convention, telling the Republican farmers to take the thing and run it, but don't break up the party, their object being to break down the farmers' movement and put their tools into the offices so they can run things the old way. The St. Louis Republican seems to have had reference to this sort of people in the following from its columns:

"We warn the farmers to beware of these utterly useless and exceedingly slippery alibis, the politicians, for certain as they are permitted to control the movement, just so certain is that movement doomed to defeat. No possible good can come of an alliance with thoroughly selfish and unscrupulous men, seeking nothing but their own advantage. Their presence is sufficient to frighten away thousands of honest people who have so suddenly been converted to the creed agricultural."

Linon suits for youths and children, at A. Loeb's, the one price clothier.

Issued Man.
Monday evening about 8 o'clock, City Marshal Kimball was informed that an insane man was at large with a knife in his hand, in the southwestern part of town, near Exchange street, and there was great fear that he might do some serious harm. Mr. Kimball went immediately to the place and found that it was Robert Kimball, that he was in his own house, but had an open knife in his hand, and a piece of a shingle. Mr. Kimball began to talk with him and he explained, in an insane way, what he was trying to do with the shingle. Mr. Kimball talked with him about the manner of cutting the shingle, and proposed to show him how to make what he wanted. He gave Kimball the knife, and he whittled a little with it, then closed it and handed it to Policeman Rinehart. The man sprang for the knife, when he was captured and locked up, though it was a pretty sharp contest. In taking him to his cell he hung to a post on his porch and hit his head against it, breaking the skin, and causing it to bleed a little. This caused some people to think he had been "clubbed," but that is a mistake, no violence whatever was used, and only force enough to secure him. He had \$405 in money on his person. The man had not been drinking. Judge Guyer will call a jury and it will probably be necessary to send the poor man to the asylum at Jacksonville.

APPALLING CRIME.

Passenger Train Ditched by Masked Robbers.

ENGINEER SHOT AND EXPRESS PLUNDERED.

PARTICULARS OF THE AFFAIR—WHAT IS BEING DONE.

\$5,000 Reward.

Superintendent Kimball was called from his bed at half past eleven o'clock last night to get information of one of the oldest and most villainous outrages and murders ever perpetrated in Iowa. The C. R. I. & P. train, which left Council Bluffs at 4:25 yesterday afternoon was nearing Adair, in Adair county, and when within four miles of the station, the engineer, John Rafferty, noticed the subject of the robbery. It was a quarter past eight o'clock, and the train was approaching the station. The train was a quarter past seven o'clock, and the train was approaching the station. NOTES HERE AND THERE.

Glorious weather for the harvest. The Tanchin books, in our public library, are now ready for issue.

Mr. Matt Leland, general agent of the Paris Circus, is in town making arrangements for the exhibition next Saturday.

The lofty bluff back of Rock Island are to be called Rock Island Heights. More high-toned you know.—Chicago Journal.

The farmer's party will do well enough if the farmers will take good care to manage it themselves. They are capable of doing it successfully.

John Peters was accidentally shot in the hand, in Davenport, on the Fourth. His parents thought he would get along without a surgeon. He died of tetanus (lock-jaw) last Saturday.

Between the Illinois railroad and the C. R. I. & P. folks are having a vexatious time and the road is threatened with almost total loss of the grain carrying trade. Better make a new tariff.

We wish the Black Hawk people would get up a petition to their road commission and have the road opened up to the Cemetery to South Rock Island. It would accommodate the people from that country very much—in fact it seems to a public necessity.

Mr. and Mrs. R. S. Cooper, Mississippi, arrived at the Harper Hotel in this city, on Monday, intending to stay a few weeks. The lady died in an hour after their arrival, of consumption, and the evening St. Louis train back here remains, accompanied by her husband.

A good many people were led to see Conductor John Bramhall's train again, on the Western Union road, on Monday, looking as good as new. On the 14th of last October, while Hampton, he was caught between two cars and very seriously injured. It was remarkable that he escaped with his life.

The house occupied by Pete Ward, between the Rock Island House and the river, took fire on the roof to-day (the 22d) from sparks from the chimney. It was soon extinguished with buckets of water. Mr. Wright's cabinet and rear shop in the same building would have a lively fire in a few minutes more.

Last evening we found Mr. John Warner in his house on Moline avenue, sitting by a window with his feet a chair, as comfortable as could be expected. He is not suffering much, but will have to use crutches for some time. There is no bruise or break in his foot, but it is badly swollen. He is receiving a good deal of calls from friends.

THE NEW DODGE.
A plan to Destroy the Farmer Movement.

[From the Peoria Democrat.]
The Republicans of DeWitt county, Ill., have called a Republican Farmers' Convention to nominate county officers, and the Republican papers throughout the State are indulging the move. Therefore they have been throat-cutting late in warning the farmers to keep out of politics, and now they are the first to vie their own advice, and are endeavoring to take the movement directly into old party politics, compelling them in its interests to either support the Republican or vote the Republican party, the very pay in power, when all the ill the farmers fighting were permitted to settle the oppressive results upon the people. It is only manner in which the farmers could enter the political arena was the shape of a farmers' or anti-monopoly party, steering entirely clear of the old organizations, so that the farmers could vote the Republican party, the very pay in power, when all the ill the farmers fighting were permitted to settle the oppressive results upon the people.
